## **D-Foundation**

---

Dear Sir / Madam,

**Kaushambi Hope e.V.** is a non-profit aid association, which supports the North Indian NGO: D-Foundation.

The D-Foundation was created by Indian social workers, development aides and journalists in the year 2006 in Sarnath. Sarnath is located close to Varanasi, the capital of Uttar Pradesh and also one of the poorest Federal States of India.

The D-Foundation is an independent relief organisation (NGO), which made it's duty to lead the neediest inhabitants of the rural environment in Sarnath to economic independence. This aim is reached by intensive training and the simultaneous job creation. This again encourages a lasting social effect and a positive change. We particularly aim to support abandoned women and widows and their children.

The D-Foundation has been closely merged into the socio-cultural background of the local population and has gained essential experience of the difficult social situation here; thus the D-Foundation can help very effectively and efficiently.

Under [www.dfoundation.net](http://www.dfoundation.net) you can receive further information.

**Already 2 years after the establishment of the D-Foundation, it was considered and distinguished by the district government of Uttar Pradesh as the most reliable and most trustworthy organisation in the district of Varanasi.**

**A vision becomes true:**

The reach of activity of the D-Foundation grew. In order to be able to work more successfully and more efficiently, it is planned to resettle the casteless and/or homeless population and the development projects into one main area. The local government offered to sell the D-Foundation a suitable and fruitful piece of land in Kaushambi.

Kaushambi is a well-known archaeological location where approx. 2,500 years it was an important commercial town where Buddha gave teaching and thus became known as the center of early Buddhism. In the coming years the Kaushambi village is to be developed here, a solar peace village - a place of the humanity and peace focusing also at modern ecological and economic standards. Kindergarten, schools, a hospital, greenhouses, loam houses, organic agriculture, solar plants and more are planned for the village.

Help to fulfill the vision of the Kaushambi village so its inhabitants can live a worthy and deserved life. The D-Foundation is a nonprofit organisation, working independently from the government and it relies on financial support from donations.

Honorary aid association Kaushambi Hope E.V. ensures that your donation arrives where it is mostly needed: locally in India.

For further information about the activities of the D-Foundation and about the Kaushambi project ask to receive the monthly on-line newsletter from the D-Foundation. Here you can inform also about the practical use of your donation.

**Each individual financial contribution, may it be small, helps the desperate population which have no means!**

Everyone is welcome and invited to visit the D-Foundation and receive information and if desired to help locally by working.

During your visit can get to know the projects, become acquainted with the volunteers and also visit the holy places and city of Varanasi.

We would like to already thank you for your support and help!  
If you give us your name and address you will receive automatically a certificate of donation at the beginning of the following year.

If you have questions and inquiries you can contact us directly at:
